**Kids Can Get Free Fluoride Applications**  
**Oct. 24, 25 at Boo at the Zoo**

LITTLE ROCK — Halloween and all of its candy aren't exactly a celebration of good dental health. But this year, the University of Arkansas for Medical Sciences (UAMS) is planning to help some trick-or-treaters keep their smiles shiny and bright.

UAMS will be providing free fluoride varnish applications to children at Boo at the Zoo from 6-9 p.m. Oct. 24 and 25 in Café Africa. UAMS students will be on hand to quiz participants on "oral health trivia" as they wait in line.

"Fluoride treatments are such an important way to keep teeth strong and prevent cavities," said Ashley McMillan, D.D.S., director of the UAMS Delta Dental of Arkansas Foundation Oral Health Clinic. "I am thrilled that we have the opportunity to help kids and promote good oral health during the Halloween season, which isn't exactly the most tooth-friendly time of year."

The fluoride applications are made possible by a grant from the Delta Dental of Arkansas Foundation. Delta Dental also is providing goodie bags for participants.

"We are thankful to the Delta Dental of Arkansas Foundation for their support of our efforts to ensure Arkansans have healthy smiles," said McMillan.

UAMS is the state's only health sciences university, with colleges of Medicine, Nursing, Pharmacy, Health Professions and Public Health; a graduate school; hospital; northwest Arkansas regional campus; statewide network of regional centers; and six institutes: the Winthrop P. Rockefeller Cancer Institute, Jackson T. Stephens Spine & Neurosciences Institute, Harvey & Bernice Jones Eye Institute, Psychiatric Research Institute, Donald W. Reynolds Institute on Aging and Translational Research Institute. It is the only adult Level 1 trauma center in the state. UAMS has 2,727 students, 822 medical residents and five dental residents. It is the state's largest public employer with more than 10,000 employees, including 1,200 physicians who provide care to patients at UAMS, its regional campuses throughout the state, Arkansas Children's Hospital, the VA Medical Center and Baptist Health.
