Patrick Sullins, M.D., Joins UAMS Family Medical Center in Batesville

LITTLE ROCK — Patrick Sullins, M.D., recently joined the University of Arkansas for Medical Sciences (UAMS) Family Medical Center in Batesville as a family medicine physician and is accepting patients.

He is also faculty for the Family Medicine Residency Program there.

Originally from Weiner, Arkansas, Sullins graduated from Lyon college and earned his medical degree in 2017 at UAMS. He completed a three-year residency in family medicine at UAMS Family Medical Center in Jonesboro.

With a passion for small communities and rural medicine, Sullins is excited to join the team at UAMS in Batesville, located at 1993 Harrison Street. The medical center provides clinical care and health education services as well as trains medical residents in primary care.

“As a husband and father of three, I’ve always loved the idea of taking care of entire families and helping patients manage their health through every stage of life,” said Sullins. “Joining the team at UAMS is a great opportunity to fulfill this goal while engaging in something else I have a passion for – education.”

UAMS is the state’s only health sciences university, with colleges of Medicine, Nursing, Pharmacy, Health Professions and Public Health; a graduate school; hospital; a main campus in Little Rock; a Northwest Arkansas regional campus in Fayetteville; a statewide network of regional campuses; and seven institutes: the Winthrop P. Rockefeller Cancer Institute, Jackson T. Stephens Spine & Neurosciences Institute, Harvey & Bernice Jones Eye Institute, Psychiatric Research Institute, Donald W. Reynolds Institute on Aging, Translational Research Institute and Institute for Digital Health & Innovation. UAMS includes UAMS Health, a statewide health system that encompasses all of UAMS’ clinical enterprise including its hospital, regional clinics and clinics it operates or staffs in cooperation with other providers. UAMS is the only adult Level 1 trauma center in the state. U.S. News & World Report named UAMS Medical Center the state’s Best Hospital; ranked its ear, nose and throat program among the top 50 nationwide; and named six areas as high performing — cancer, colon cancer surgery,
heart failure, hip replacement, knee replacement and lung cancer surgery. UAMS has 2,727 students, 870 medical residents and five dental residents. It is the state’s largest public employer with more than 10,000 employees, including 1,200 physicians who provide care to patients at UAMS, its regional campuses, Arkansas Children’s Hospital, the VA Medical Center and Baptist Health.
