**UAMS Opens Epilepsy & Neurology Clinic
in Freeway Medical Tower**

LITTLE ROCK — The UAMS Health Epilepsy and Neurology Clinic has opened in Freeway Medical Tower, offering comprehensive care from the University of Arkansas for Medical Sciences (UAMS) for epilepsy and multiple sclerosis in a convenient Midtown location.

The clinic is located in Suite 605 of the Freeway Medical Tower, 5800 W. 10th St., just off Interstate 630.

The multidisciplinary epilepsy team includes three fellowship-trained epilepsy physicians, a functional neurosurgeon, a specially trained advanced practice registered nurse (APRN) and registered nurses (RNs). Any needed surgical procedures are performed at the nearby main UAMS campus, which houses the only adult level 4 Epilepsy Center in the state, the highest accreditation available from the National Association of Epilepsy Centers and recognition that UAMS can provide all types of epilepsy evaluation, care, monitoring and surgery.

The clinic also houses a neuro-immunology team that includes an APRN, RN, pharmacists, and a fellowship-trained neuro-immunologist who treats multiple sclerosis and other diseases that affect both the neurologic and immune systems. This clinic compliments the Neurology Clinic on the main UAMS campus and provides more access to this important specialized care. UAMS is recognized as a Partner in MS Care by the National Multiple Sclerosis Society, signifying its comprehensive approach to diagnosing, managing and treating MS.

Appointments are accepted through physician referral faxed to 505-603-1539. The clinic number is 686-5838. For more information, visit uamshealth.com/expertise/neurology.

UAMS is the state's only health sciences university, with colleges of Medicine, Nursing, Pharmacy, Health Professions and Public Health; a graduate school; hospital; a main campus in Little Rock; a Northwest Arkansas regional campus in Fayetteville; a statewide network of regional campuses; and seven institutes: the Winthrop P. Rockefeller Cancer Institute, Jackson T. Stephens Spine & Neurosciences Institute,

Harvey & Bernice Jones Eye Institute, Psychiatric Research Institute, Donald W. Reynolds Institute on Aging, Translational Research Institute and Institute for Digital Health & Innovation. UAMS includes UAMS Health, a statewide health system that encompasses all of UAMS' clinical enterprise including its hospital, regional clinics and clinics it operates or staffs in cooperation with other providers. UAMS is the only adult Level 1 trauma center in the state. *U.S. News & World Report* named UAMS Medical Center the state's Best Hospital; ranked its ear, nose and throat program among the top 50 nationwide; and named six areas as high performing — cancer, colon cancer surgery, heart failure, hip replacement, knee replacement and lung cancer surgery. UAMS has 2,727 students, 870 medical residents and five dental residents. It is the state's largest public employer with more than 10,000 employees, including 1,200 physicians who provide care to patients at UAMS, its regional campuses, Arkansas Children's Hospital, the VA Medical Center and Baptist Health.
