

"Special COVID Lecture"

Connecting Across Professions Series

"COVID-19 Arkansas' Vaccination Planning"

Jennifer Dillaha, M.D., has played a variety of roles since joining the Arkansas Department of Health in 2001. In March 2020, Dr. Dillaha was named the State Epidemiologist. This is in addition to her role as Medical Director for Immunizations and Outbreak Response. Her charge in the role of State Epidemiologist is to provide leadership and guidance for addressing Arkansas's most pressing infectious diseases, including COVID-19.

Join Us Monday to hear Dr. Dillaha's lecture titled, "COVID-19 Arkansas' Vaccination Planning"

Jennifer A. Dillaha, MD

State Epidemiologist
Medical Director, Immunizations and Outbreak
Response
Arkansas Department of Health

Objectives:

1. Discuss timeline for development of the covid 19 vaccine.
2. Explain critical timelines in administering and storing the covid 19 vaccine.
3. Outline the timeline for vaccine disbursement in Arkansas.

**Monday December 21, 2020
Noon – 1 p.m.**
