**Glaucoma Specialist Carina Torres Sanvicente
Joins UAMS Jones Eye Institute**

LITTLE ROCK – Carina Torres Sanvicente, M.D., has joined the Harvey & Bernice Jones Eye Institute at the University of Arkansas for Medical Sciences (UAMS) as a glaucoma specialist.

“We are extremely fortunate to have Dr. Sanvicente join us to contribute fellowship-trained expertise in treating our glaucoma patients,” said Paul Phillips, M.D., director of the Jones Eye Institute and chair of the Department of Ophthalmology. “Glaucoma is a disease that can affect anyone, and being able to properly treat it with the latest medical advances is an essential part of our mission at JEI.”

Sanvicente will also serve as an assistant professor in the UAMS College of Medicine Department of Ophthalmology.

“I am excited to be part of the Jones Eye Institute at UAMS, not only working to help patients daily, but also researching, educating students and training residents so that our understanding of and ability to treat glaucoma will only grow,” said Sanvicente.

A native of Brazil, Sanvicente completed her pre-clinical medical courses at Pontifícia Universidade Católica do Rio Grande do Sol and earned her medical degree in 2012 from the Universidade Federal do Rio Grande do Sol in Porto Alegre, Brazil. She completed her ophthalmology residency at the Hospital Banco de Olhos in 2017. She completed a glaucoma research fellowship in 2018 at the Wills Eye Hospital in Philadelphia and a glaucoma clinical fellowship in 2020 at Emory University in Atlanta.

During her glaucoma research fellowship, she was the inaugural recipient of the Ann and George Spaeth Scholar Award, and during her residency she served as chief resident.

She is the author of 15 published, peer-reviewed research articles and three book chapters or other publications.

Sanvicente is fluent in both English and Portuguese and speaks advanced Spanish.

UAMS is the state's only health sciences university, with colleges of Medicine, Nursing, Pharmacy, Health Professions and Public Health; a graduate school; hospital; a main campus in Little Rock; a Northwest Arkansas regional campus in Fayetteville; a statewide network of regional campuses; and seven institutes: the Winthrop P. Rockefeller Cancer Institute, Jackson T. Stephens Spine & Neurosciences Institute, Harvey & Bernice Jones Eye Institute, Psychiatric Research Institute, Donald W. Reynolds Institute on Aging, Translational Research Institute and Institute for Digital Health & Innovation. UAMS includes UAMS Health, a statewide health system that encompasses all of UAMS' clinical enterprise including its hospital, regional clinics and clinics it operates or staffs in cooperation with other providers. UAMS is the only adult Level 1 trauma center in the state. *U.S. News & World Report* named UAMS Medical Center the state's Best Hospital; ranked its ear, nose and throat program among the top 50 nationwide; and named six areas as high performing — COPD, colon cancer surgery, heart failure, hip replacement, knee replacement and lung cancer surgery. UAMS has 2,876 students, 898 medical residents and four dental residents. It is the state's largest public employer with more than 10,000 employees, including 1,200 physicians who provide care to patients at UAMS, its regional campuses, Arkansas Children's Hospital, the VA Medical Center and Baptist Health.
