**Urologic Reconstruction Specialist Brian Langford, M.D.,
Joins UAMS Department of Surgery**

LITTLE ROCK — Brian Langford, M.D., who specializes in urologic reconstruction, joined the University of Arkansas for Medical Sciences (UAMS) Department of Surgery as an assistant professor in the Division of Trauma.

Langford received his medical degree from UAMS, where he also completed a general surgery internship and urology residency. He received advanced training in urologic trauma, reconstruction and prosthetics through a fellowship at the UT Southwestern Medical Center in Dallas, Texas.

His clinical interests include the surgical management of Peyronie’s disease, male stress incontinence, erectile dysfunction, urethral stricture, upper tract reconstruction and benign prostatic hyperplasia (BPH).

“We are thrilled with the addition of Dr. Brian Langford to the UAMS Department of Surgery,” said Ronald Robertson, M.D., chair of the department. “His training and expertise will bring new opportunities for patients needing urologic reconstruction.”

Reconstructive urology is surgery to restore normal function by repairing, rerouting or recreating areas of the upper and lower urinary tract and some reproductive organs. It includes the surgical management of ureteropelvic junction (UPI) obstruction, ureteral stricture, bladder neck contracture, urethral stricture, genitourinary fistula, circumcision complications, buried penis, Peyronie’s disease (abnormal curvature of the penis) and genital injuries or trauma.

Langford also specializes in urologic prosthetics including penile implants, artificial urinary sphincters, male urethral slings and testicular prosthetics.

He is accepting new patients at the UAMS Urology Clinic in the Premier Medical Plaza building at 10915 Rodney Parham Road. Call 501-686-6324 to make an appointment.

UAMS is the state's only health sciences university, with colleges of Medicine, Nursing, Pharmacy, Health Professions and Public Health; a graduate school; a hospital; a main campus in Little Rock; a Northwest Arkansas regional campus in Fayetteville; a statewide network of regional campuses; and seven institutes: the Winthrop P. Rockefeller Cancer Institute, Jackson T. Stephens Spine & Neurosciences Institute, Harvey & Bernice Jones Eye Institute, Psychiatric Research Institute, Donald W. Reynolds Institute on Aging, Translational Research Institute and Institute for Digital Health & Innovation. UAMS includes UAMS Health, a statewide health system that encompasses all of UAMS' clinical enterprise. UAMS is the only adult Level 1 trauma center in the state. UAMS has 3,240 students, 913 medical residents and fellows, and five dental residents. It is the state's largest public employer with more than 11,000 employees, including 1,200 physicians who provide care to patients at UAMS, its regional campuses, Arkansas Children's, the VA Medical Center and Baptist Health.
