Kapil Yadav, M.D., Joins UAMS to Lead Nuclear Cardiology and Vascular Medicine Program

LITTLE ROCK — Kapil Yadav, M.D., an established interventional cardiologist in central Arkansas, has joined the University of Arkansas for Medical Sciences (UAMS) to lead its Nuclear Cardiology and Vascular Medicine Program.

An associate professor in the Division of Cardiovascular Medicine in the UAMS College of Medicine’s Department of Internal Medicine, Yadav will treat patients at the UAMS Neighborhood Clinic in Maumelle and at the Outpatient Center on the UAMS campus.

“I am delighted that Dr. Kapil Yadav has chosen to move his practice to UAMS,” said Paul Mounsey, M.D., Ph.D., director of the UAMS Division of Cardiovascular Medicine. “A prominent local cardiologist with wide clinical interests, Dr. Yadav will strengthen both our noninvasive cardiology services, particularly nuclear cardiology, and our interventional cardiology group.”

Mounsey added, “His interest in peripheral vascular disease will add a new dimension to the cardiovascular disease management at UAMS. He will also have an important role in educating our fellows and residents about cardiology.”

Yadav, an interventional and endovascular cardiologist, completed a fellowship in interventional and structural cardiology at the University of Arizona College of Medicine in Tucson in 2018 and a fellowship in cardiovascular disease at Tulane University School of Medicine in New Orleans in 2017.

He completed a residency in internal medicine at Cook County Hospital in Chicago in 2014, after receiving his medical degree from SMS Medical College in India with rotations at Mount Sinai School of Medicine in New York City.

“UAMS has an outstanding cardiovascular team, and we are growing the program to provide a wide variety of specialized care,” Yadav said.
Kapil Yadav, M.D., Joins UAMS to Lead Nuclear Cardiology and Vascular Medicine Program

He is certified by the American Board of Internal Medicine in cardiovascular disease and interventional cardiology, the National Board of Echocardiography and the Board of Nuclear Cardiology.

To schedule an appointment with Yadav, call 501-686-8000 and request the location that works best for you. He will be at the Maumelle clinic on Fridays.

UAMS is the state’s only health sciences university, with colleges of Medicine, Nursing, Pharmacy, Health Professions and Public Health; a graduate school; a hospital; a main campus in Little Rock; a Northwest Arkansas regional campus in Fayetteville; a statewide network of regional campuses; and eight institutes: the Winthrop P. Rockefeller Cancer Institute, Jackson T. Stephens Spine & Neurosciences Institute, Harvey & Bernice Jones Eye Institute, Psychiatric Research Institute, Donald W. Reynolds Institute on Aging, Translational Research Institute, Institute for Digital Health & Innovation and the Institute for Community Health Innovation. UAMS includes UAMS Health, a statewide health system that encompasses all of UAMS’ clinical enterprise. UAMS is the only adult Level 1 trauma center in the state. UAMS has 3,275 students, 890 medical residents and fellows, and five dental residents. It is the state’s largest public employer with more than 12,000 employees, including 1,200 physicians who provide care to patients at UAMS, its regional campuses, Arkansas Children’s, the VA Medical Center and Baptist Health.
