**UAMS to Hold Job Fair on March 28**

LITTLE ROCK — The University of Arkansas for Medical Sciences (UAMS) is hosting a Job Fair from 9 a.m. to 1 p.m. March 28 in the I. Dodd Wilson Building on the Little Rock campus.

The Job Fair offers job seekers the opportunity to meet with representatives from several UAMS departments and learn about a variety of positions that are currently available in campus operations and other nonclinical areas. The event will focus on early career positions such as entry-level call center operators, front desk staff, administrative assistants, dispatchers, supply technicians, and more.

Some departments will conduct interviews during the event, so participants are asked to bring copies of their resume.

Attendees will also have the chance to learn more about what it's like to work at Arkansas' only academic health sciences center and how UAMS employees contribute to improving the health and well-being of residents across the state and region.

For more information about this event and career opportunities at UAMS, please visit [jobs.uams.edu](http://jobs.uams.edu).

UAMS is the state's only health sciences university, with colleges of Medicine, Nursing, Pharmacy, Health Professions and Public Health; a graduate school; a hospital; a main campus in Little Rock; a Northwest Arkansas regional campus in Fayetteville; a statewide network of regional campuses; and eight institutes: the Winthrop P. Rockefeller Cancer Institute, Jackson T. Stephens Spine & Neurosciences Institute, Harvey & Bernice Jones Eye Institute, Psychiatric Research Institute, Donald W. Reynolds Institute on Aging, Translational Research Institute, Institute for Digital Health & Innovation and the Institute for Community Health Innovation. UAMS includes UAMS Health, a statewide health system that encompasses all of UAMS' clinical enterprise. UAMS is the only adult Level 1 trauma center in the state. UAMS has 3,553 students and 1,015 medical residents and fellows. It is the state's largest public employer
