**Family Medicine Physician Dylan Fedor, D.O.,
Joins UAMS Family Medical Center in Jonesboro**

LITTLE ROCK — Dylan Fedor, D.O., has joined the University of Arkansas for Medical Sciences (UAMS) Family Medical Center in Jonesboro, where he will offer comprehensive care for all ages.

Fedor graduated with a bachelor's degree in science from Northern Arizona University in Flagstaff, Arizona, and earned a Doctorate in Osteopathic Medicine from the New York Institute of Technology College of Osteopathic Medicine on the Arkansas State University campus in Jonesboro in 2023. He graduated in June from the UAMS Northeast Regional Campus Residency Program.

In addition to caring for patients, Fedor will train future family medicine physicians as an assistant professor with the UAMS Northeast Family Medicine Residency Program. Residents learn clinical skills at both the UAMS Northeast Family Medical Center and St. Bernards Healthcare, just across the street from the clinic.

Scott Dickson, M.D., UAMS Northeast residency director, worked with Fedor for three years while he was a resident.

"We are thrilled to welcome Dr. Fedor to our faculty. Since joining our program in 2023, he has distinguished himself through exceptional clinical performance, strong academic achievement, and outstanding leadership as co-chief resident," said Dickson. "He brings a broad skill set of family medicine, including office-based procedures and inpatient care, along with a passion for point-of-care ultrasound. His commitment to education and innovation will strengthen our ability to train residents and enhance patient care across our community."

Fedor is certified in three areas including advanced cardiovascular life support, pediatric advanced life support, and neonatal resuscitation.

He is accepting new patients at the [UAMS Health Northeast Family Medical Center in Jonesboro](#). To schedule an appointment, call 870-972-0063.

UAMS is the state's only health sciences university, with colleges of Medicine, Nursing, Pharmacy, Health Professions and Public Health; a graduate school; a hospital; a main campus in Little Rock; a Northwest Arkansas regional campus in Fayetteville; a statewide network of regional campuses; and seven institutes: the Winthrop P. Rockefeller Cancer Institute, Jackson T. Stephens Spine & Neurosciences Institute, Harvey & Bernice Jones Eye Institute, Psychiatric Research Institute, Donald W. Reynolds Institute on Aging, Translational Research Institute, and the Institute for Community Health Innovation. UAMS includes UAMS Health, a statewide health system that encompasses all of UAMS' clinical enterprise. UAMS is the only adult Level 1 trauma center in the state. UAMS has 3,553 students and 1,030 medical residents and fellows, and two dental residents. It is the state's largest public employer with about 12,000 employees, including 1,200 physicians who provide care to patients at UAMS, its regional campuses, Arkansas Children's, the VA Medical Center and Baptist Health.
